## RECOMMENDED USER WEIGHTS

Our safety harnesses are crucial when working at height. It is important to understand that each fall arrest product you use in conjunction with our harnesses, such as lanyards and blocks have different maximum user weights between 100kg and 140kg.

The below is a guide to help you understand the differences and should give clarity that the harness does not determine the user weight.

Size	Fall Arrest Lanyards	Big Guy Fall Arrest Lanyards	Fall Arrest Blocks	Defender Fall Arrest Blocks
Max. User Weight	100kg	140kg	140kg	140kg
